ACKNOWLEDGEMENTS	I
ABSTRACT	III
RESUME	V
RESUMEN	VII
i. Introduction.....	1
ii. Research questions and objectives	2
iii. Thesis structure and outline.....	3
Chapter I.....	4
1 Research and experimental development for innovation	5
2 What is innovation?	7
2.1 Concept and definition.....	7
2.2 Main types of innovation	9
2.2.1 Technological innovation and non-technological innovation.....	9
2.3 Main components of technological product and process innovation	9
2.3.1 Technological product innovation.....	9
2.3.2 A technologically new product.....	10
2.3.3 A technologically improved product.....	10
2.3.4 Technological process innovation.....	10
3 Innovation measurement (R&D)	10
3.1 Measurement of R&D	10
3.2 Role of R&D and innovation investments on firm performance.....	11
3.2.1 The process of innovation in a company	11
Chapter II	12
1 The current situation of R + D + I around the world.....	13
2 The current situation of R + D + I in Europe	15
3 The current situation of R + D + I in Spanish companies	18
3.1 Technological innovation (Innovation DATA).....	18
3.2 Technological innovation in the autonomous communities.....	20
3.3 Non-technological innovation	21
3.4 The R&D in private and public sector	21
3.5 R&D Business.....	23
3.6 R&D in the autonomous communities.....	24

Chapter III	26
1 Objectives.....	27
2 Methodology approach for new product development by the company	27
2.1 Major steps of new product development	28
2.2 New Product Development Strategy	28
2.2.1 Searching and generating ideas	29
2.2.2 Selecting and screening ideas “first filtering”	29
2.2.3 Materialization of the concept	29
2.2.4 Economic evaluation “second filtering”	30
2.2.5 Physical evaluation of the concept	30
2.2.6 Product test “third filtering”	30
2.2.7 Product launch	30
3 Material approach used by the company.....	31
4 Commercial failures of the new product development	33
4.1 Product mortality rate.....	33
Chapter IV	34
1 Generating and evaluating of new product ideas	35
1.1 Missions, Visions & Values of G-profood Company	35
1.1.1 Ideas generation for the creation of new business opportunities by the company ‘G-Profood’	36
1.1.2 Approach to generation of ideas by the company ‘G-Profood’	36
2 The importance of experts in the creation of new product development (NPD)	37
2.1 The primordial role of experts in new product evaluation	37
2.1.1 Panel of experts participating in the project work.....	38
2.1.2 Systematic methodology used to generate ideas.....	39
2 Ideas screening process	46
2.1 How to filter ideas generation?	46
2.1.1 Selection of criteria	46
2.1.2 Experts screening and evaluation	50
3 Materialization of the new product development ‘Concept development’	54
3.1 Value proposition and segment market of the new product development.....	54
3.1.1 Positioning and marketing mix.....	54
3.1.2 Mapping the market	54
3.1.3 Potential target market segment for the new product development.....	55
4 Materialization of the activity.....	58
4.1 Product design development	58

4.2	Brand design description	58
4.3	New product development components	60
4.4	New product development packaging	60
	The required details about the packaging concept are mentioned in the (Table 36) below.	60
4.4.1	Right side face of the packaging	63
4.4.2	Left side face of the packaging	63
4.5	Prototype for the new product development.....	64
4.5.1	Sketch concept decision for the new product development	65
5	Financial budget estimation for the new production development	66
5.1	Variable costs.....	66
5.1.1	Production costs of raw material	66
5.1.2	Components and flavoring costs.....	66
5.1.3	Packaging material.....	67
5.2	Fixed costs	68
5.2.1	Creation and registration of the company.....	68
5.2.2	Fixed costs for machinery.....	69
5.2.3	Fixed costs for working capital.....	70
5.2.4	Marketing	70
6	Total cost per unit.....	72
6.1	Segment identification.....	72
6.2	Forecasting sales	73
6.3	Total cost per unit	74
6.4	Retail price calculation	75
6.5	Benefit calculation.....	75
6.6	Total cost per unit calculation (TC / Unit)	76
6.7	Retail price calculation	77
6.8	Benefit calculation.....	77
7	Promotion	78
7.1	New product development awareness “Digital advertising & “web communication” ...	78
7.1.1	Business website of the company G-Profood.....	78
7.1.2	Social media networking.....	79
7.1.3	Application android in play store for the company G-Profood.....	80
7.1.4	Google AdWords: Search Engine Marketing	81
7.1.5	Product catalog	81
7.1.6	Storytelling content and video advertising	82
8	Sales promotion incentives by the Company G-Profood	84

9	Place	86
10	Economic evaluation ‘Second filtering’	87
10.1	Calculating the NPV for the normal and pessimistic scenarios.....	87
10.1.1	Normal scenario	88
10.1.2	Pessimist scenario	92
11	Product test ‘Third filtration’	94
11.1	Physical elaboration	94
11.2	Real test marketing.....	94
11.3	Commercialization	94
	CONCLUSIONS	97
	BIBILOGRAPHY	101

TABLE OF ANNEXES

ANNEX 1.	Generation of ideas.....	107
ANNEX 2.	Filtration of ideas.....	111
ANNEX 3.	Concept materialization	120
ANNEX 4.	Economic evaluation.....	121
ANNEX 5.	Costs calculation.....	122
ANNEX 6.	Design concept of the new product	126
